BIOPROB

INDEPENDENT COMMODITY TRADING

# Agricultural commodities. Clear trade.

European trading company with a worldwide partner network. Grains, oilseeds, vegetable oils and protein meals for international markets.

01

### GRAINS & OILSEEDS

Rapeseed, sunflower seeds, wheat, corn, barley and soybeans.

02

### VEGETABLE OILS

Rapeseed, sunflower and soybean oil. Crude and refined options.

03

### PROTEIN MEALS

Rapeseed, sunflower and soybean meals for feed applications.

HOW WE WORK

# From requirement to delivery.

## 01 Define the requirement

Commodity, specification, quantity, destination and delivery window.

## 02 Agree the transaction

Counterparties, commercial terms, analysis, inspection and document flow.

## 03 Coordinate execution

Delivery planning and follow-through with suitable transport partners.

### DELIVERY OPTIONS

Sea / Danube / Rail / Road
Route, availability and delivery terms are agreed for each transaction.

Product availability, specification, origin, volume, price and delivery are confirmed in the written offer and contract. This profile is not a binding offer.
